EXPERIENCE

Dreeze Academy— Content Development Intern

JUNE 2021 - SEPTEMBER 2021 - ABUJA, NIGERIA

- Built foundational knowledge in organizing and managing data-driven content, supporting further training in data handling and interpretation.
- Developed familiarity with spreadsheets, applying basic data entry, formatting, and formula functions—skills transferable to data analytics tasks.
- Created structured content and scripts, enhancing skills in clarity and organization, key for data documentation and presentation.

Federal Ministry of Health — Data Entry and Database Management Intern

JUNE 2022 - SEPTEMBER 2022 - ABUJA, NIGERIA

- Conducted data entry from survey questionnaires into organizational databases, ensuring accuracy and completeness for effective data analysis.
- Utilized Excel and SQL for database management, gaining practical experience in data preparation and manipulation techniques.
- Prepared datasets and managed preliminary data cleaning processes to support advanced analysis by senior data analysts.

John Snow Research Institute — MEL Associate

NOVEMBER 2023 - SEPTEMBER 2024 - ABUJA, NIGERIA

- Used Excel for extensive data cleaning and analysis, using pivot tables, formulas(v-lookup and others), data validation, and conditional formatting.
- Conducted data collection, cleaning, and preliminary analysis to monitor project impact, ensuring accurate and reliable data for program evaluations.
- Supported the development of analytical reports, presenting findings with clear visualizations and actionable insights using Tableau and R.
